JOHN W. HERSHEY, Nut Tree Nurseries, Downingtown, Pennsylvania

SPECIMEN NUT TREES AS YOU LIKE THEM

Ask for regular list of small trees

The only assorted collection of available specimen nut trees in America. Why not adorn your lawn with a few?

If you can find a man to move them OR if you're a big tree mover and have dependable help, here's your chance to abridge the varieties for your customer in getting bearing trees. Ornamentals any home owner will be proud of.

We offer the following in the ground because we're unable to do balling this season. If interested, call for an appointment; look 'em over and pick your trees.

NO. ON HAND	VARIETY	SPECIES	CALIPER INCHES	HEIGHT FEET	SPREAD FEET	REMARKS	PRICE EACH
-------------	---------	---------	----------------	-------------	-------------	---------	------------

GRAFTED THIN-SHELLED BLACK WALNUTS
